DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 3-11 are rejected under 35 U.S.C. 102(b) as being anticipated by Mancini et al (6,387,787).

Mancini et al disclose a lithographic template, comprising a light transparent base (12, col. 4, lines 15-16), a light blocking distal end (20) couple to the light transparent base capable of blocking the radiation directed through the light transparent base (col. 5, lines 7-17) and a light transparent neck component (16, col. 4, lines 25-26) formed between the light blocking distal end (20) and the light transparent base (12).

In regard to claims 3-5, wherein the light transparent neck is capable of defining a trace recess and comprises glass (or quartz material) and is wider than the light blocking distal end (Fig. 7, 16 & 20).

In regard to claim 6, wherein the light transparent base comprise of glass, or quartz (col.4, lines 10-15).

In regard to claims 7-11, wherein the light blocking distal ends (20) define a recess (in between the ends), and is comprising a light transparent core (20, col. 5, lines 3-7) with a metal, light blocking coating layer (not shown; col. 5, lines 42-49) in which the light blocking distal ends comprises chrome, titanium or gold (col. 5, lines 42-49).

Response to Arguments

3. Applicant's arguments with respect to claims 1, 3-11 have been considered but are moot in view of the new ground(s) of rejection.

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
